AIMS AND SCOPE

The Anatolian Journal of Cardiology is an international monthly periodical on cardiology published on independent, unbiased, double-blinded and peer-review principles. The journal’s publication language is English however titles of articles, abstracts and Keywords are also published in Turkish on the journal’s web site.

The Anatolian Journal of Cardiology aims to publish qualified and original clinical, experimental and basic research on cardiology at the international level. The journal’s scope also covers editorial comments, reviews of innovations in medical education and practice, case reports, original images, scientific letters, educational articles, letters to the editor, articles on publication ethics, diagnostic puzzles, and issues in social cardiology.

The target readership includes academic members, specialists, residents, and general practitioners working in the fields of adult cardiology, pediatric cardiology, cardiovascular surgery and internal medicine.

The editorial and publication processes of the journal are conducted in accordance with the guidelines of the International Committee of Medical Journal Editors (ICMJE), the World Association of Medical Editors (WAME), the Council of Science Editors (CSE), the European Association of Science Editors (EASE), the Committee on Publication Ethics (COPE) and the HEART Group.

The Anatolian Journal of Cardiology is indexed in Science Citation Index Expanded, PubMed/MEDLINE, EMBASE, Scopus, EMCare, CINAHL, Gale/Cengage Learning, EBSCO, DOAJ, ProQuest, Index Copernicus and TÜBİTAK ULAKBİM TR Index.

The requirements for submission of manuscripts and detailed information about the evaluation process are available in the published journal and also as ‘Instructions for Authors’ on the web site (http://www.anatoljcardiol.com).

Statements and opinions expressed in the Anatolian Journal of Cardiology reflect the views of the author(s). All liability for the advertisements rests with the appropriate organization(s). The Turkish Society of Cardiology, the editor-in-chief and KARE PUBLISHING do not accept any responsibility for these articles and advertisements.

Subscriptions
The Anatolian Journal of Cardiology is printed on acid-free paper. Applications for subscriptions should be made to the Editorial Office. The abstracts and full texts of published articles can be accessed free of charge at http://www.anatoljcardiol.com.

Financial support and advertising
The revenue of the Anatolian Journal of Cardiology is derived from subscription charges and advertisements. Institutions wishing to place an advertisement in the printed version of the journal or on the web page should contact KARE PUBLISHING.

The Anatolian Journal of Cardiology® is published in accordance with the principles of independent, unbiased, and double-blinded peer review. It publishes original research related to clinical, experimental and basic sciences on cardiology, editorial comments, reviews covering different issues, online articles, scientific letters, case reports, letters to the editor, original images, articles on history of medicine and publication ethics, diagnostic puzzles, and interviews deemed appropriate for the purposes and scope of the journal.

The journal evaluates only the manuscripts submitted through its online submission system on the web site http://www.anatoljcardiol.com. Manuscripts sent by other means will not be accepted.

The primary conditions for the acceptance of manuscripts for publication are originality, scientific value and citation potential.

STATEMENTS AND GUIDELINES

Statements

• All statements and opinions expressed in the manuscripts published in the Anatolian Journal of Cardiology reflect the views of the author(s). All liability for the advertisements rests with the appropriate organization(s). The Turkish Society of Cardiology, the Editor-in-Chief and KARE do not accept any responsibility for articles and advertisements.
• The manuscripts submitted to the journal, except abstracts, presentations, reviews and parts of theses, should not have been accepted and published previously elsewhere in electronic or printed format. Manuscripts evaluated and rejected by other journals must mention any previous submissions and supply reviewer’s reports. This will help to accelerate the evaluation process. If the submitted manuscript has been previously presented at a meeting, the name, date, city and country must be specified.
• The authors transfer all copyrights of the manuscript in the framework of national and international regulations to the Turkish Society of Cardiology as an evaluation process. A Copyright Transfer Form signed by corresponding author in order must be submitted to the journal with manuscript. After acceptance of manuscript, all of authors must fill and sign Copyright Transfer form. A separate form for each manuscript should be submitted. Manuscripts submitted without a Copyright Transfer Form will not be accepted. In the case of rejection, all copyrights transfer to the authors again. Authors must confirm that they will not submit the work to another journal, publish it in the original or another language and or allow a third party to use the manuscript without the written permission of the Turkish Society of Cardiology.
• All contents are the authors’ responsibility. All financial liability and legal responsibility associated with the copyright of submitted tables, figures and other visual materials protected by national and international laws rest with the authors. The authors take responsibility for any legal proceedings issued against the journal.
• Rejected manuscripts will not be returned except for artwork.
• To clarify scientific contributions and responsibilities and any conflict of interest issues relevant to the manuscript, all parts of the ‘Authors’ Contribution’ form must be completed by the corresponding author and the ‘ICMJE Uniform Disclosure Form for Potential Conflicts of Interest’ must be completed online by all authors. Both forms should be included in the manuscript at the time of original submission.

Guidelines

• The format of the manuscripts must be in accordance with the ICMJE Recommendations for the Conduct, Reporting, Editing and Publication of Scholarly Work in Medical Journals (updated in December 2014: http://www.icmje.org/icmje-recommendations.pdf).
• The presentation of the manuscript must be in accordance with international guidelines. CONSORT should be used for randomized trials, STROBE for observational studies, STAIRS for diagnostic studies, PRISMA for systematic reviews and meta-analyses, ARRIVE for animal studies, and TREND for non-randomized behavior and public health studies.

Ethics

• All manuscripts will be vetted by the Editor-in-Chief’s Office for possible plagiarism and duplication. Sanctions will be imposed in accordance with the guidelines of the Committee on Publication Ethics (COPE) and with the principles of the HEART Group when non-ethical issues arise. The authors must obtain the permission of the copyright holder for non-original tables, figures, graphs, images and other visuals.
• The authors should acknowledge and provide detailed information on any contributions in kind and financial support given by any foundations, institutions and firms.
• An ethics committee report prepared in conformity with the WMA Declaration of Helsinki - Ethical Principles for Medical Research Involving Human Subjects and the Guide for the Care and Use of Laboratory Animals is required to be submitted with experimental and clinical studies, drug trial studies and some case reports. Authors may be asked by the Editor-in-Chief’s Office for an ethics committee report or similar in other circumstances also. Manuscripts reporting the results of experimental studies must explain in detail all procedures which volunteer subjects and patients have undergone and a statement indicating that consent of the study has been obtained from all subjects should be included in the text. Animal studies should clearly specify how pain or discomfort has been relieved.

PREPARATION AND SUBMISSION OF MANUSCRIPTS

Manuscript files should be prepared with Microsoft Office Word. The online submission system will direct authors during all stages of submission and provide necessary support for accelerating the submission process. A list of the files that should be supplied through the online submission system is provided below.
• Editorial Comment
Authors are selected and invited by the Editor-in-Chief. This type of manuscript aims at
providing a brief commentary on an article published in the journal by a researcher who
is an authority in the relevant field or by the reviewer of the article.
• Title
• Main Text: It should not include subheadings and should be limited to 500 words.
• References: The reference list should follow the main text and the number of
references should be limited by 15.
• Abstract, Keywords, Tables, Figures and other visuals are not included in
citation.
• The title should also be provided in Turkish for works submitted by Turkish authors or
from Turkey. The title of the manuscripts submitted by foreign authors outside Turkey
will be translated into Turkish by the Editor-in-Chief’s Office.

• Review
Reviews prepared by authors with extensive knowledge on a particular field, which has
been reflected in international literature by a high number of publications and citations,
are evaluated. The authors may be invited by the Editor-in-Chief. A review should be
prepared in the format describing, discussing and evaluating the current level of
knowledge or topic that is to be used in the clinical practice and it should guide further
studies.
• Title
• Abstract: It should not include subheadings and should be limited to 500 words.
• Keywords: This section should contain a minimum of three and a maximum of six
items in accordance with Medical Subject Headings (MeSH) terms prepared by the
National Library of Medicine (NLM) and should be provided just below the abstract.
• Main Text: It should include Introduction, other subheadings and Conclusion sections
and should be limited to 5000 words excluding the references.
• References: The reference list should be placed just below the main text and the
number of references should not exceed 50.
• Tables, Figures and Images: They should be provided after the reference list according
to their order of appearance in the text.
• For reviews submitted by Turkish authors or from Turkey, Title, Abstract and Keywords
should also be provided in Turkish. For reviews submitted by foreign authors outside
Turkey, translations of these sections will be the responsibility of the publisher.

NOTE: The originality of the visuals included in the reviews should be assured by submission
of an accompanying letter by the authors. Appropriate citation should be done for the visuals
adapted from previously published sources, in accordance with the original versions of the
printed or electronic copies. The written permission obtained from the copyright holder
(publisher, journal or authors) should be sent to the Editor-in-Chief’s Office.

• Education
Knowledge confirmed by the results of recent research studies, involved in education at
academic level and used in clinical practices should be presented in detail in this type of
manuscript.
• Title
• Abstract: It should not include subheadings and it should be limited to 250 words.
• Keywords: This section should contain a minimum of three and a maximum of six
items in accordance with Medical Subject Headings (MeSH) terms prepared by the
National Library of Medicine (NLM) and should be provided just below the abstract.
• Main Text: It should include Introduction, other subheadings and Conclusion sections
and should be limited to 10,000 words excluding the references.
• References: The reference list should be provided just below the main text and the
number of references should be limited to 50.
• Tables, Figures and Images: They should be provided after the reference list according
to their order of appearance in the text.
• For educational articles submitted by Turkish authors or from Turkey, the Title, Abstract
and Keywords should also be provided in Turkish. For articles submitted by foreign
authors outside Turkey, the translation of these sections will be carried out by the
Editor-in-Chief’s Office.

• Scientific Letter
Manuscripts which announce a new scientific invention, are clinically significant, and
are in the form of a preliminary report are accepted for publication as scientific letters.
• Title
• Main Text: It should include Introduction, other subheadings and Conclusion sections
and should not exceed 900 words excluding the references.
• References: The reference list should be provided just below the main text and the
number of references should be limited to 10.
• Tables, Figures and Images: They should be provided below the reference list
according to their order of appearance in the text and should be limited to two.
• Abstract and Keywords should not be included.
• For scientific letters submitted by Turkish authors or from Turkey, the Title should also
be provided in Turkish. For letters submitted by foreign authors outside Turkey, the
translation of these sections will be carried out by Editor-in-Chief’s Office.

• Case Report
Since a limited number of case reports is published, only reports which are related to
rare cases and conditions that constitute challenges in diagnosis and treatment, offer
new information or suggest knowledge not included in books, and are interesting and
educational are accepted for publication.
• Title
• Main Text: It should include Introduction, Case Report, Discussion and Conclusion
sections and should not exceed 700 words excluding the references.
• References: The reference list should follow the main text and the number of
references should be limited to 10.
• Tables, Figures and Images: They should be provided after the reference list according
to their order of appearance in the text and should be limited to two.
• Abstract and Keywords are not included.
• For case reports submitted by Turkish authors or from Turkey, the Title should also be
provided in Turkish. For reports submitted by foreign authors outside Turkey, the
translation of these sections will be carried out by the Editor-in-Chief’s Office.

NOTE 1: Case reports that include video images have a better chance of publication.

NOTE 2: For case reports to be taken under review, the first author must subscribe to the
Anatolian Journal of Cardiology for one year. This requirement is only for the initiation of
the preliminary assessment process. It does not guarantee acceptance for publication or
evaluation. The manuscript of the subscriber will be evaluated strictly in accordance with
the journal’s criteria. Being a subscriber does not guarantee priority in terms of evaluation
or guarantee publication. The VAT-inclusive subscription fee is 240 TL and the Anatolian
Journal of Cardiology must be contacted for subscription procedures.

• Original Image
Impressive and rare images that reflect significant findings based on clinical science,
shed light on fundamental mechanisms of diseases, emphasize abnormalities or
introduce new treatment methods are accepted for publication.
• Title
• Main Text: It should not include subheadings and it should be limited to 250 words.
• Tables, Figures and Images: They should be provided after the main text according
to their order of appearance in the text and should be limited to two.
• Abstract, Keywords and References are not included.
• For original images submitted by Turkish authors or from Turkey, the Title should also
be written in Turkish. For images submitted by foreign authors outside Turkey, the
translation of this section into Turkish will be carried out by the publisher.

NOTE 1: Those manuscripts with video images have a better chance of publication.

NOTE 2: Manuscripts prepared in accordance with original image criteria are published only
as an e-page at the journal’s website http://www.anatoljcardiol.com.

NOTE 3: For original image manuscripts to be taken under review, the first author must
subscribe to the Anatolian Journal of Cardiology for one year. This requirement is only for
the initiation of the preliminary assessment process. It does not guarantee acceptance for
publication or evaluation. The manuscript of the subscriber will be evaluated strictly
in accordance with the journal’s criteria. Being a subscriber does not guarantee priority
in terms of evaluation or guarantee publication. The VAT-inclusive subscription fee is 240
TL and the Turkish Society of Cardiology must be contacted for subscription procedures.

• Letter to the Editor
Letters to the Editor aim to discuss the importance of a manuscript previously
published in the journal. This type of manuscripts should also include a comment on
the published manuscript. Moreover, articles on topics of interest to readers within
the scope of the journal, especially on educational issues, can be published in the
format of a Letter to the Editor.
• Title
• Main Text: It should not include subheadings and it should be limited to 500 words.
• References: The reference list should follow the main text and the number of
references should be limited to five. The volume, year, issue, page numbers, authors’ names and title of the manuscript should be clearly stated, included in the
list of references and cited within the text.
• Abstract, Keywords, Tables, Figures and other visuals are not included.
• For manuscripts submitted by Turkish authors or from Turkey, the Title should also
be written in Turkish. For manuscripts submitted by foreign authors outside Turkey, the
translation of this section into Turkish will be carried out by the publisher.

• Publication Ethics
These articles include current information on research and publication ethics and
also cases of ethical violation.
• Title
• Main Text: It should not exceed 900 words.
• References: The reference list should follow the main text and the number of
references should be limited to 10.
• Tables, Figures and Images: They should be placed after the reference list
according to their order of appearance in the text and limited to two.
• Abstract and Keywords are not included.
• For articles submitted by Turkish authors or from Turkey, the Title should also be
written in Turkish. For articles submitted by foreign authors outside Turkey, the
translation of this section into Turkish will be carried out by the publisher.

• Scientific Puzzle
Images obtained directly or on operation, visuals revealed through EKG and/or
imaging methods, and macroscopic-microscopic anatomical, pathological findings
of attention-grabbing and rare cases can be published. Unlike original images,
the diagnosis and outcome of the case and image are hidden at the beginning
in diagnostic puzzles. Four multiple-choice questions are prepared. In the following
pages of the journal, the correct answer in terms of precise diagnosis and outcome
is given with an explanation and didactic images and then discussed. The Editor-in-
Chief will convert suitable images into the format of a diagnostic puzzle with the
authors’ permission.
• Title
• Main Text: It should not exceed 900 words.
• References: The reference list should follow the main text and be limited to a
maximum of three.
• Tables, Figures and Images: They should be placed after the reference list
according to their order of appearance in the text and should be limited to five.
• Abstract and Keywords should not be included.
B. References

- **References** should be numbered in the order in which they are cited within the main text.
- Only manuscripts published or accepted for publication should be cited.
- Recent publications related to the topic of the manuscript should be reviewed.
- References that are inaccessible and not indexed in any database should not be cited.
- The titles of journals should be abbreviated in accordance with **Patrias K. Citing medicine: the NLM style guide for authors, editors, and publishers [Internet]. 2nd ed.** Wendling DL, technical editor. Bethesda (MD): National Library of Medicine (US); 2007 [updated 2011 Sep 15; cited Year Month Day].
- For references with six and fewer authors, all authors should be listed. For references with more than six authors, the first six authors should be listed, followed by 'et al'.
- The style and punctuation of the references should be formatted as in the following examples.

**Book with Single Author:** Cohn PF. Silent myocardial ischemia and infarction. 3rd ed. New York: Marcel Dekker; 1993.

**Manuscripts accepted for publication but not published yet:** Leshner AI. Molecular devices.

**C. Special Terms and Conditions**

- For double-blinded peer review process, the names of the corresponding author and other authors, their affiliations and any information on the study centres should not be included in any part of the submitted manuscripts and images, except the Title Page.
- This information should be added to the relevant section of the online submission system and included in the Title Page.
- Pharmaceutical products should be written with their generic names and brand and company names, city and country should be specified for medical equipment and devices.

3. **Tables, Graphs and Figures**

- **Tables, Graphs, Figures and other visuals should be numbered in the order of their citation within the text and names of patients, doctors and institutions should not be discribed.**
- **Tables should be prepared in a Microsoft Office Word document using the command ‘Insert Table’ and inserted at the end of the references in the main text.**
- **Tables should not be submitted in JPEG, TIFF or other visual formats. For microscopic images, the magnification ratio and staining technique used should be specified in addition to figure legends.**
- All visuals should have a high resolution (minimum 300 dpi).
- The thickness of the lines in graphs should be sufficient to minimize loss of quality if size reduction is needed during the printing process. The width of the graphs should be 8 cm or 18 cm. Drawings should be performed by professionals. No grey colours should be used.
- Abbreviations should be explained in alphabetical order at the bottom of the tables, graphs and figures.
- Roman numbers should be avoided in tables and figures within the text and their titles.
- Decimal numbers used in text, tables and figures should be separated by commas in Turkish sections and by dots in English sections.
- Tables should be easily understandable and should not repeat the data in the main text.
- In addition to the pictures included in case reports and original images, video and movie images are published on the journal’s website. These images should be prepared in MPEG format with a maximum size of 2 MB. They should be submitted to the journal with the manuscript documents. The names of patients, doctors, institutions and places should be omitted from all documents.

**NOTE:** All visuals in the manuscripts are printed in black and white without charge. However, 300 TL per article must be paid if colour is required. The Editor-in-Chief’s Office of the Anatolian Journal of Cardiology should be contacted for payment.

**EVALUATION AND PUBLICATION**

- The main text submitted to the journal must be in English. Manuscripts written in other languages are not accepted. Citation potential is higher for manuscripts in English.
- The Editor-in-Chief’s Office checks the conformity of the manuscript with the journal’s general guidelines before sending it to associate editors and reviewers. Any manuscripts not prepared in accordance with the journal’s guidelines will be returned for revision. The evaluation period is limited to 21 days. If revision is requested, authors should submit their revised manuscripts within 24 days. Manuscripts and revisions should be submitted through the online manuscript submission system at the website http://www.anatoljcardiol.com. Manuscripts sent by e-mail will not be accepted.
- Manuscripts are evaluated in accordance with the principles of double-blind peer review. Of the submitted manuscripts, those considered to be suitable are subjected to preliminary evaluation by the Editor-in-Chief’s assistants in terms of style, format, etc. and by the Editor-in-Chief in terms of their content. Manuscripts considered to be scientifically adequate are assigned to four reviewers. These reviewers are independent experts and members of the editorial board who have published internationally on the topic of the manuscript. Research articles, systematic reviews and meta-analyses are also evaluated by the Editor-in-Chief’s statistician counsellors in addition to peer review. When needed, the manuscripts are scanned by the Editor-in-Chief’s Office using the IThenticate program for determination of plagiarism and non-ethical situations. Also, all manuscripts are reviewed and edited for compliance with the rules of English grammar. All contributing authors of a manuscript accepted for publication are deemed to have accepted the right of editors to make corrections provided that no fundamental change is made to the basic meaning of the original text. Manuscripts not accorded priority for publication by the Editor-in-Chief, Editor, Associate Editors and Referees are rejected.
- The retraction requests of the manuscripts close to the final decision in evaluation process, without any reasonable explanation (not contrary to the Publication Ethics) is considered in the scope of rejection decision. Manuscripts that are not revised and resubmitted within the specified time and fail to notify the journal accordingly will be rejected.
- Once a manuscript is accepted for publication, addition to the author list, removal from the author list and order change cannot be effected.
- Manuscripts accepted for publication are prepared as ‘Epub ahead of print articles’ and published with an assigned DOI on the journal website http://www.anatoljcardiol.com.
- Information on the latest status of manuscripts submitted for evaluation and other information about the journal are available on the website http://www.anatoljcardiol.com. Contact details for the Editor-in-Chief’s Office and the publisher are given below.
